- 15 August 2012: Bethlehem: Matswathaka Primary School - 08h00
- 15 August 2012: Bethlehem: Nthute Primary School - 11h00
- 16 August 2012: Makwane: Tswelang Pele School - 8h00
- 16 August 2012: Makwane: Liqhobong Primary School - 11h00
- 17 August 2012: Bluegumbosch: Tharollo Primary School - 08h00
- 17 August 2012: Phuthaditjhaba: Akofang Primary School - 11h00

Why:

TB disease, when not cured, is one of the leading causes of death in South Africa. Proper education of preventing it and curing it are very important in ensuring that our society can defeat this illness. These events will teach children about identifying the symptoms of TB, ways of combating TB, maintaining a healthy lifestyle amongst other activities.
